Password:

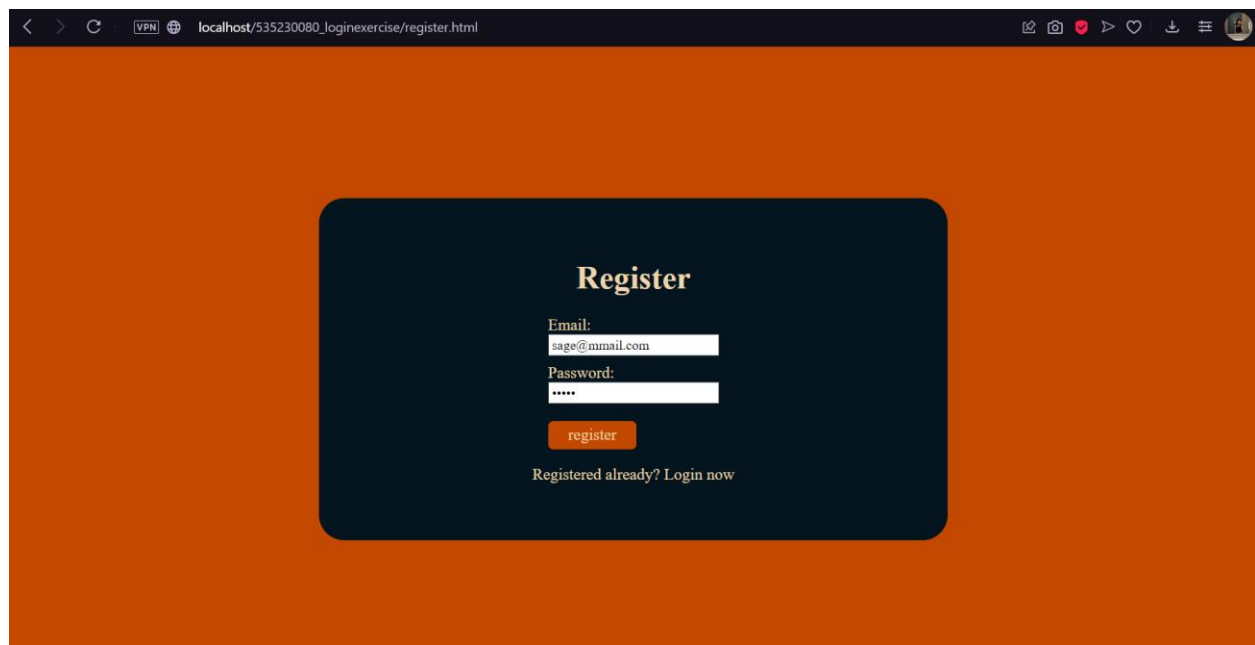

register

Registered already? [Login now](#)

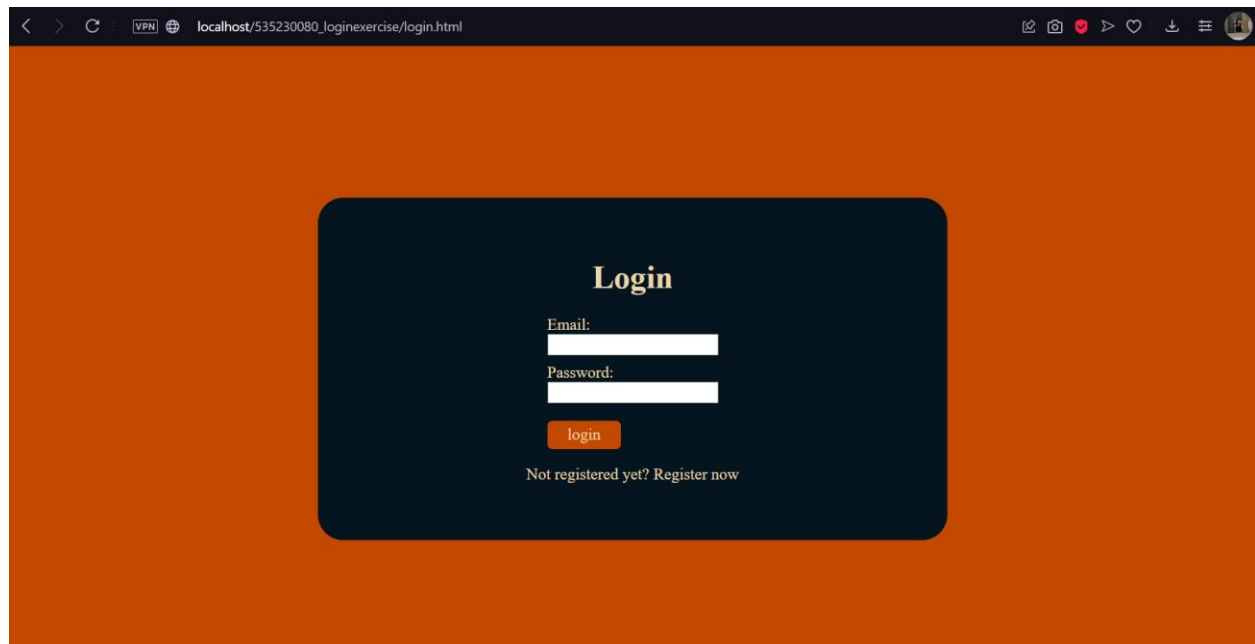

Ketika email sudah dipakai

Ketika berhasil register, dia langsung redirect ke login

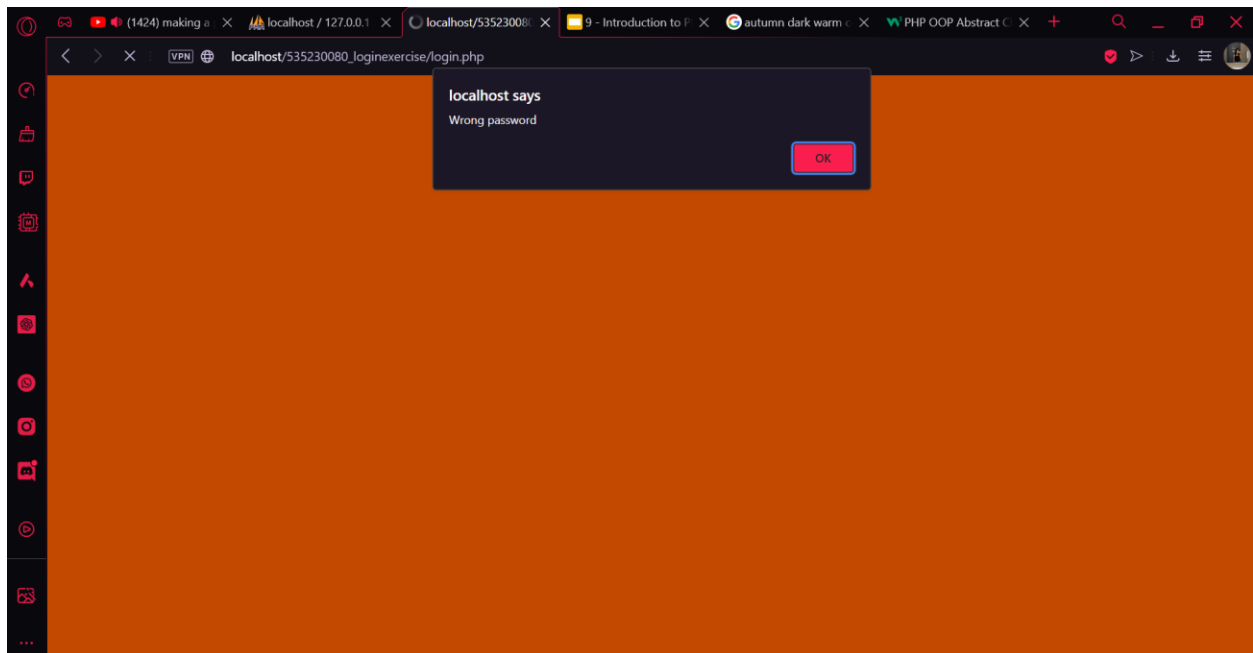

The screenshot shows a web browser window with the address bar displaying 'localhost/535230080_loginexercise/register.html'. The page has a solid orange background. In the center, there is a dark blue rounded rectangle containing the 'Register' form. The form includes a title 'Register' in a serif font, followed by 'Email:' and a text input field containing 'sage@gmail.com'. Below that is 'Password:' and a password input field with six dots. An orange 'register' button is positioned below the password field. At the bottom of the form, it says 'Registered already? Login now'.

Below that is 'Password:' and a password input field. An orange 'login' button is positioned below the password field. At the bottom of the form, it says 'Not registered yet? Register now'.

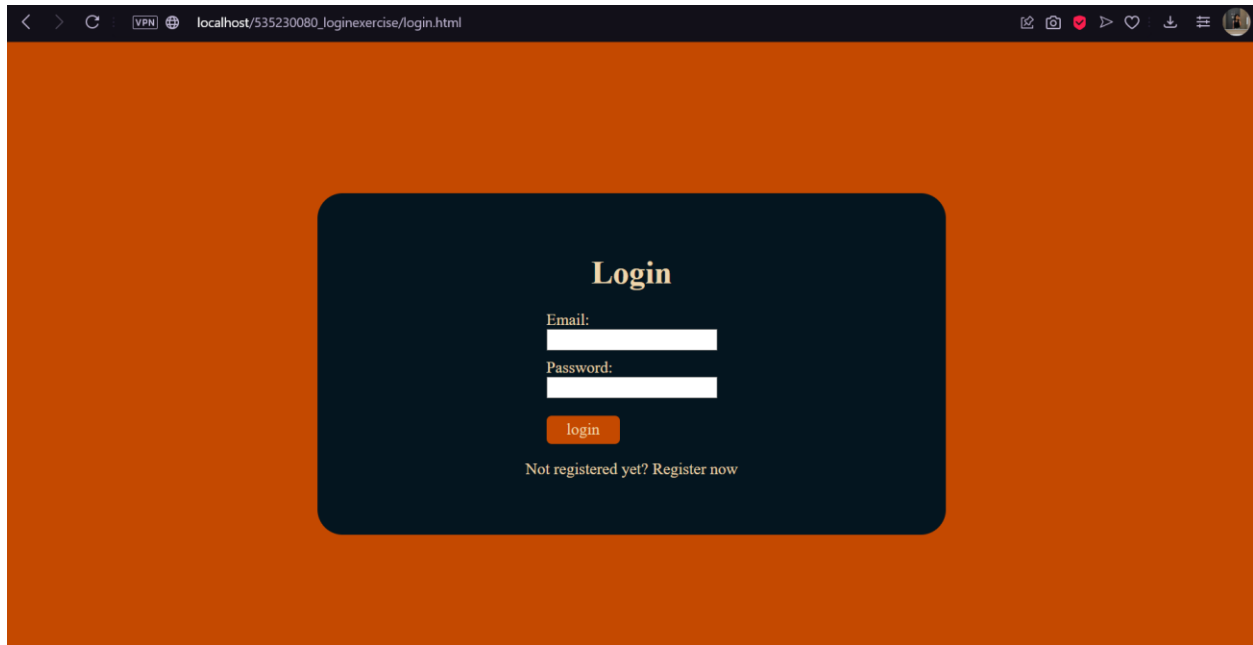

Jika salah password

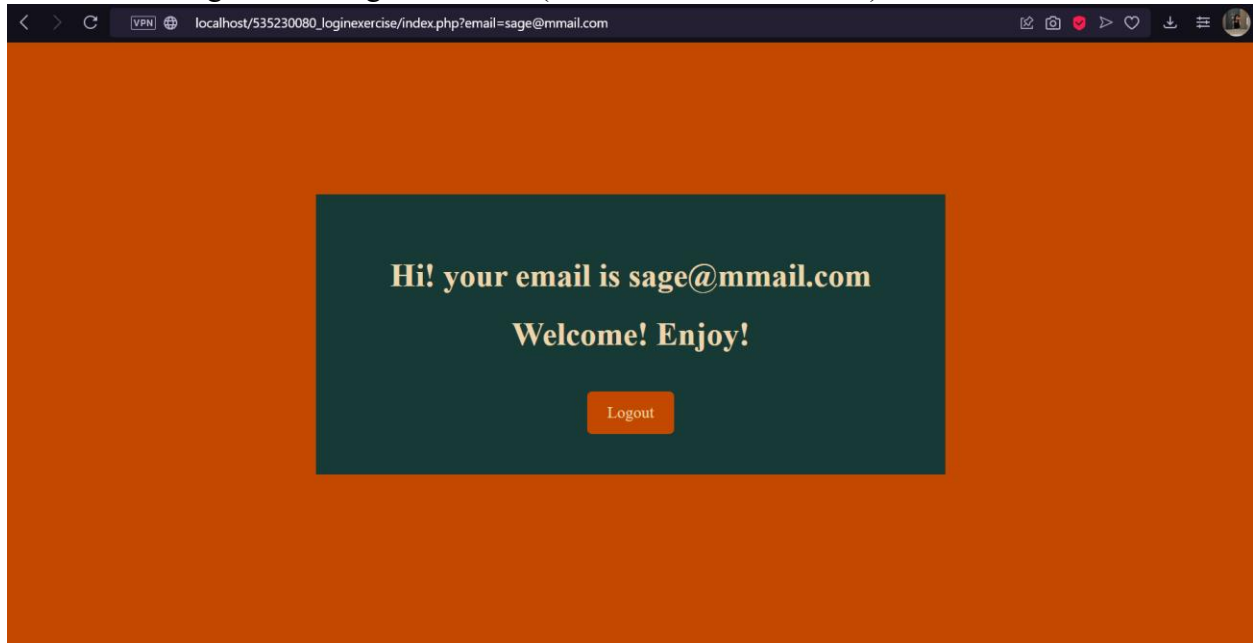

Ketika berhasil login

Ketika logout, redirect langsung ke login

Ketika sudah login dan mengakses index (session berarti masih ada)

Tapi ketika belum login (tidak ada session)
